Subject: Re: Department of Justice notice in the Federal Register
Good find. Please send me a copy.To:David Marwell/ARRB, Jeremy Gunn/ARRBcc:From:Eric Scheinkopf/ARRB Date:05/02/97 10:27:58 AMSubject:Department of Justice notice in the Federal RegisterIn the Friday, April 25 Federal Register (Book 4 of 4), there is an item (#1798 on page 21927) entitled Classified National Security Information and Access to Classified Information. This rulemaking is part of the Reinventing Government initiative and will eliminate existing text in the CFR (this is in the final rule stage). The President issued Executive Orders 12958 and 12968 to update and revise the standards and process for classification and declassification of and access to national security information. According to the Register, this rule implements these Orders and completely revises part 17 of the CFR. The revised rule shortens and simplifies the material contained in part 17 with a focus on those matters that affect the general public and that should be published in a formal rule. The Assistant Attorney General for Administration in DoJ will have responsibility for developing the vast majority of information and operating instructions on classified information and access.
