Subject: Re: USSS data disk

Body: I take issue with Joan's Statement that I could not do it, What I said was I could not do it that day and I would do it when I was in next which is today.To:David Marwell/ARRBcc:Jeremy Gunn/ARRB, Chet Rhodes/ARRB
recstat: From:Joan Zimmerman/ARRB Date:05/02/97 04:22:12 PMSubject:USSS data disk
DeliveryPriority: Yesterday, I asked Chet to install the disk we received from John Machado earlier this week. Chet said he had other priorities and he could not do it. John indicated to me that he put USSS postponements for the protective surveys on this disk.
DeliveryReport: Would you please ask Chet to install the Secret Service disk when he comes on Thursday?On another matter:
ReturnReceipt: Steve Tilley told me that the Secret Service gives him disks, but the FBI and the CIA do not. Steve said he is still not able to update his database information and that RIFs for the JFK collection are not put on the internet by NARA. I did not know this. His system is still set up the way it was four years ago. I had thought that researchers could access a web site for the JFK collection prepared by NARA. I gather that ARRB is currently
Categories: the only source for updates on released documents and RIF numbers.
