**Subject:** Re: ARRB Official Transcripts

Dear Mr. Hemming: Thank you for your e-mail message. Please know that I have not forgotten about your request and will be working on it this week. I hope to have the transcripts on diskette and in the mail to you by the end of this week. As far as leaving the record open for public comment, there were two occasions where this happened. The first time was when the Board was shaping the definition of an "assassination record." The second time was when the Board solicited the public's views about the status and disposition of the Zapruder film. If you are interested in this, please let me know. Sincerely, Eileen A. Sullivan

Subject: ARRB Official Transcripts  
Dear Ms. Sullivan: I have reviewed every transcript received from the ARRB and the ARRB's FY1996 report. I found them fascinating as well as informative. I find that some transcripts reference items to be included later. Are there any inclusions to be added to the transcripts? IE, the Chairman mentions that the transcript will be left open for 30 days, for written conclusions. I also wished to index the transcripts into my data base. Is it possible to get the transcripts on diskette, or in ascii text form somewhere? Thank you in advance. Robert B. Hemming: Robert B.
