Gunn/ARRB Date: 06/18/97 12:36:58 PMSubject: JFK TripsWithout doing any additional research or  
contacting the USSS, do you have easy access to itineraries or travel schedules for JFK for any period between  
1/1/60 and 11/22/63? For example, do we have a list of PSRs that provide dates? Don't the 135 forms have  
schedules? Do you have any other ideas about how we can identify where he was at specific times?
