Subject: Re: JFK whereabouts

Thanks for the offer. We should probably wait until we get more specific dates before doing that kind of work. I am interested in anything and everything you can get regarding what JFK did on April 28, 1961, while he was in Chicago. There is a PSR for that date. Can we get a copy from Steve?To: Jeremy Gunn/ARRBcc: Joan Zimmerman/ARRB Date: 06/18/97 02:11:08 PMSubject: JFK whereaboutsI just took a quick glance at the 94 file. It contains many newsclippings that provide information on Kennedy's location. If you wish, I could compile a rough list of dates and places. What is your time frame...1960-1961?
