KeeleyDescription of the Call Date: 07/01/97Subject: List of O&C
FilesSummary of the Call: At Jeremy's request, I spoke with Carol Keeley to get a sense of whether the FBI
would object to the designation of the FBI's alphabetical and numerical lists of the O&C files. To the extent
that the list is limited to the title of the file, she does not see a problem with designation. To the extent we
would designate more detailed internal working papers relating to the O&C files, she would consider this a
problem. Since the index of O&C files that I recommend designating is, in fact, limited to the titles of the files,
I will include that in the list of documents that we will recommend be designated as assassination records.
