Yes it is great news! It's nice to know Clinton played an active role, too, as opposed to the deadline of 10 days passing and HR 1553 becoming a law "on its own." It is "money." I'll keep in touch with Eric, and please let me know if you hear from David about the news release (and I'll do the same.)Great Work!

E-Please check with Eric to see if he finds anything in the Federal Register. I would love to see the public law number in black and white. Thanks.
Great news, huh? It's "money." Now we need the real money for FY 1998

H.R. 1553 was signed by the President on July 3. The White House did not have a public law number. I will check the Federal Registers for the law number.
