Please tell Mantik that we (at least I) can't open the document because it is in an "unknown format." Please make it VERY clear to him that we don't review proposed publications for accuracy and that we would prefer not to be involved in that process at all. Although we don't know what is in the article, we hope that he is not using the Review Board as a source of information and that he does not quote the Review Board or its staff on anything other than what has been said in open hearings by Board members. DAVID W MANTIKDear Doug (and Jeremy): Please note that this is a first draft although it probably won't change too much more. PLEASE advise on any errors of fact and make any other comments (i.e., anything you don't want me to say!). I need to complete this by the end of July for the publisher! Good to talk to you recently! A file is attached. Let me know if it does not come through. David Mantik - B File
