Subject: Re: Are you back yet...

Thanks for the review of your trip -- it sounds, all in all, very cool and well worth it. You are clearly a keen-sighted traveller! I look forward to the opportunity to hear more and will keep you posted on the possibility of any trips to D.C. on my part. Your postcard from Korea arrived today, by the way... did you see the place depicted (waterfall by seacoast, rocky beach -- Cheju Island)? It looks beautiful. Thank you for thinking of me, and for taking time away from all those expensive meals to write! Laura's wedding was lovely, by the way, and I enjoyed talking to Jeremy and getting updates on various ARRB items. He spoke highly of the work you are doing, as always. Give my best to everyone... tell Doug I saw "Contact" and thought of him throughout. "An awful waste of space" indeed!
