Subject: Re: Phone Listing

I did receive a call today from Hiedi Ortiz at KGTV (Ch. 10 in San Diego.) There was no mention of any problem getting in touch with us. BTW -- The station has a program called "Troubleshooter" and she wanted a sample packet of NSA documents. To: Eileen Sullivan/ARRBcc: From: Tom Samoluk/ARRB Date: 08/21/97 05:56:32 PM Subject: Phone Listing Did you ever end of getting such a call? I was wondering if Jim does us the courtesy of giving the caller our number. To: Tracy Shycoff/ARRBcc: David Marwell/ARRB (bcc: Tom Samoluk/ARRB) From: Jeremy Gunn/ARRB Date: 08/21/97 04:54:27 PM Subject: Phone Listing Jim Lesar called and said that he continues to receive telephone calls for the Review Board because the only number the operators can find is for the AARC. He said that he received a call yesterday from a reporter in San Diego who said he had tried to get our number but could only get Jim's. Is there anything we can do about this?
