Subject: Re: Congress and the Zapruder Film

Thanks for the message. There are some low-key discussions taking place between DOJ and HLM. I am faxing to you a letter that was copied to me by Kirk Manhardt. I infer that both HLM and DOJ believe that the film has been taken and that they both want to settle the case in a low key manner. To: Jeremy Gunn/ARRB, David Marwell/ARRBcc: From: Tom Samoluk/ARRBDate: 08/25/97 09:00:27 AMSubject: Congress and the Zapruder FilmJeremy and David: I want to preliminary raise the matter of the Zapruder film and the Congress. I believe that Jack had mentioned that he thought discussions with the relevant Congressional committee staff members should begin at some point after our funding has been secured. Although I do not know when our appropriations bill will be considered on the House floor, I suspect that it will be shortly after the Congress returns from the Labor Day recess. Thus, I thought it was appropriate for us to plot the course of action. The obvious danger would be that we wait and as the date for the taking approaches next year an issue is raised by someone and it becomes a major distraction for the Board and staff during the close down months. Fortunately, I think that the staffers with whom we will end up discussing this matter are familiar to us. Please advise me if you have any thoughts. Tom
