In case you receive messages while you are on the Bench ---It would be great if you could call Kim within a day or two. With the exception of Henry -- who called me just before he left but who said he was behind me "1000 percent," all Board members specifically said that a notation vote this week would be fine and that they would vote "yes." Kermit is the one who expressed to me the most reservations on the one hand, but was also very clear that he wanted this to happen and that he was satisfied. He sent another message to me this morning reminding me that he is now ready to vote by notation.I suggest that we send out the forms in a low-key way tomorrow morning.Best,Jeremy
