Subject: Re: NARA computer system.
Sounds interesting. Should Kevin go as well?

Subject: NARA computer
system. Kris Wilhelm from the archives indicated that NARA was making some major upgrades to the JFK
computer system and that she would be able to enter the updates to the HSCA right into the NARA system
directly thus by passing the DISKs I would like to go out to the archives and investigate and see if we can begin
getting data from that system to update. Let me know what you think.
