PMSubject:Printing fast track final determination formsWill it be possible to print the forms in smaller units  
than by the whole meeting? By Agency file number? By Subject? By Section? What if the document gets  
voted and needs a final determination form before we have the data from the FBI? There seem to be some  
number of documents currently in the Archive database which don't have anything more than the skeleton  
data. Should we set up a fast track archive?
