 representative in the call: James A. WolfeDescription of the Call
 Date: 10/20/97 Subject: Church Committee RecordsSummary of the Call: On 10/16/97, I called Mr. Wolfe to
 follow-up on Jeremy Gunn's conversation with Staff Director Taylor Lawrence. Mr. Wolf confirmed that the
 Committee will be making copies (from microfilm) of the Church Committee testimony that we had identified
 in our Sept. 19, 1997 letter to the Committee. (Mr. Wolf was perplexed that many of these materials cited in
 the JFK Report of the Church Committee were not captured through the review of the hard copy files, which
 Mr. Wolf said comprised 400 boxes; I told Mr. Wolf that we needed to determine where the hard copy
 materials are that pertain to the Schweiker/Hart work for the Church Committee since there may be other
 relevant materials or testimony that is not identified in the JFK Report). In addition, they will be making
 available to us their notebook(s) identifying with highlighting those Church Committee materials that have
 been redacted so that the Review Board can vote on the redactions. With respect to an index of Church
 Committee materials, Mr. Wolf said there is a multi-volume log that records all documents logged by the
 Committee. For each document, this log identifies the date received, the log no., the person or organization
 sending the document, and (for testimony) whether it is executive session testimony. The subject or content
 of the document or testimony is not identified. I told Mr. Wolfe that we may want to inspect this log. Mr.
 Wolfe said his priority would be to transmit to us the copies of the testimony that we identified and,
 thereafter, to address the issue of whether there may be additional assassination-related records that have
 not been identified or located. Don't forget to compose individual Action Item documents for any action
 items that resulted from the call!
