Subject: Re: COMPUTER SPECIALIST POSITION - PART TIME

The hours for the position are somewhat negotiable. We would ultimately like the person here in the office at least 4 days a week but we are flexible on what the hours can be as long as they are during regular business hours. I hope this answers your questions. Please let me know if you have any others that I can answer. I wanted to know if the hours were preset and if so, are they morning or afternoon hours? If not, would the hours have to be set during a specific time of day?
