**Body:** Thanks for the draft. I have taken a quick look at it, and it appears promising. I would urge you to complete it, but I agree with your assessment that there are other matters that currently have higher priority.

Here is the draft of the project that I proposed a month or so back. I have had to put it on the back burner as more pressing (i.e. NSA) matters have come to the forefront. I would estimate that it is about 75% done.

What is the status of the guidelines project that you proposed? If you have a draft, I would like to see it.
