**Subject:** Re: Computer school

1-800-449-7076 pager numl will check it out, my guess is that fixing the macro to restamp the date will be the best wayTo: Chet Rhodes/ARRBcc: From: Joseph Freeman/ARRBDate: 11/04/97 07:30:56 AMSubject: Re: Computer schoolWill do. I'll ask Tracy for your pager # (which I had but probably can't find at this point).Let me present another problem/issue while I've got you: it would be extremely helpful, as I go through the deletion process, to know what meeting/FRN a given record is associated with. That is, in the far right-hand column of the HSCA-Cross Reference database (which is the column that actually reflects the cross-referencing with the Consent and Review Track Archive databases), it would be great if a FRN date showed up alongside the designations "OPEN IN FULL" or "Archive: Agency". I don't know how difficult this would be for you to do. Alternatively, I could find this information out myself in a more laborious manner if you could download the Consent, Review Track and Review Track Archive databases into my computer in Phoenix -- but I don't know whether that's possible, either. Let me know and thanks.
