Subject: Re: Release of JFK documents

I apologize for the delay in responding to you. After a preliminary search, I did find 60+ HSCA documents that relate to Layten Martens. These documents are "on our radar." My (preliminary) search did not yield specific information as to whether or not these documents are at the National Archives. You may want to contact the JFK Access staff (301-713-6620) or inquire@nara.gov to check on these documents. I did, however, notice that some of these documents are 'postponed in full'. I was unable to locate documents that relate to the "Loyal Order of Mountainmen". If you have document numbers for the 9 records you have located, I may be able to search further. Thank you for writing. I hope this information is helpful to you. Sincerely, Eileen Sullivan

Just wanted to let you know that as a citizen I am appalled at the amount of documents relating to the JFK assassination that have not been released to the public for so-called security reasons ... after 35 years. At the moment I am interested in having information released concerning a group referred to as "the Loyal Order of Mountainmen". There are 9 references to the group in the JFK Assassination Records Collection but no information has been released at all. How to I start the process to get them publicly released? Also there are a lot of documents concerning David Ferrie's roommate, Layten Martens but the vast majority are off limits. Any progress to be made therein terms of releasing these documents?
