Subject: Re: Marguerite Oswald papers

I can imagine the kinds of things she collected. Perhaps she saved her own statement: "No one can say my son was not a good shot." Perhaps Tom should take a look when he is in Dallas?

The collection is summarized as "This compilation of papers, books, magazines and newspapers evolved through Marguerite Oswald's efforts to prove her son innocent of involvement in the assassination..." Let me know if we should go ahead and send a letter, or if I should check first with our contact at the library to see what action might be most appropriate/fruitful. thanks.

I don't think that we need to pursue them if the only reason is that she is LHO's mother. If there is information relevant to the assassination, then we should.
