Subject: Re: Assassination Records Review Board news release

Dear David: You should receive the package tomorrow. Eileen To: Eileen_Sullivan @ jfk-arrrb.gov cc: [redacted] bcc: Eileen Sullivan/ARRB) From: DLifton @ compuserve.com @ INTERNET @ INTERLIANT Date: 11/18/97 12:45:05 PM Subject: Assassination Records Review Board news release Hi Eileen: Per the voice mail I just left: I'm in receipt of your press announcement (as well as one from the Archives). The announcement makes reference to a packet of documents that might be available. Could you send me such a packet? I ask because I'm going to be interviewed out here for about 45 minutes this coming Friday, on an LA talk show that deals with serious issues (Pacifica, etc.). My assistant Nathalie Apteker is making arrangements to go to the Archives to examine some of the new materials, but if there is an official packet you are allowed to send me, please do so. Just send it (and, because of my Friday commitment, overnight would be great) to: David Lifton 11500 West Olympic Blvd., Suite 400 Los Angeles, CA 90064 Thanks much. And you can let me know if you were able to send anything either by replying to this email (email address: dlifton@compuserve.com) or just leaving a phone message at (310) 445 2300. Thanks much. I think you guys are really doing good work. These sort of documents go well beyond the assassination itself, and is sure to affect the way history books are written. A first class public service, in my opinion. Thanks. David Lifton
