Subject: Re: Tom Rogers

I am concerned about Davis having called you. I told him that we would be perhaps interested in someone who could be discreet. The fact that he called you, without letting me know, suggests that he may not be. I did not tell him anything about the K enhancements. Did this issue come up? Tom is checking through the Mass AG's office for additional suggestions. Any other advice or suggestions from you would be appreciated. It is my inclination to try to get 1, 2, or 3 forensic pathologists to go to NRO and participate there. Other than the cost, I would prefer having a panel. I was unsure of whether he was to be calling me, but I will place the call and see where it leads. By the way, Dan Davis (Henn Co Medical Examiner) called me about the A. issue. What are your plans?
