Subject: Re: November Congressional Letter

I thought it was a good letter. I made a few small changes and am returning it. I moved up the part about Cuban records with the other part of our releases. If you think it is better to bury it on the second page, return it to where it was. My other small changes are bolded.

Subject: November Congressional Letter

Jeremy: Attached for your review is our November letter to Burton. Please note that I felt obligated to put a line in there about CIA progress, but did not go beyond what we had said previously and did not refer to their response letter to us. In addition, please check the reference to the IRS. As we discussed, I wrote the letter keeping in mind that we will be bringing the letter with us to the Moll/Schaffner meeting and will have the opportunity to elaborate on the letter (and anything else) at that time. Please advise me after your reivew. Thanks. Tom
