Subject: Re: FAREWELL AMERICA appendices

Body: FYITo: Eileen_Sullivan @ jfk-arrrb.govcc: 1bcc: Eileen Sullivan/ARRB)From: Dadix @ visi.com @ INTERNET @ INTERLIANT Date: 12/23/97 01:55:37 PM CSTSubject: FAREWELL AMERICA appendicesMs. Sullivan,This attachment includes the two appendices from the infamous bookFAREWELL AMERICA supposedly written by pro Gaullist French intelligenceofficers to expose the conspiracy to assassinate. The book does not dothat being little more than a collection of inuendo and speculation.The appendices are useful in that they list files and documents notthen (1967) released to the public. Many have been released since then,but many more have not. I do not know waht all thye ARRB has released,but this might be a guide against which your people might be able tocheck for important not yet found documents. The subject matter ofthese documents certainly points in the direction of a conspiracy whenyou tie the many subjects together. But, that is just my opinion.Dave Dixdadix@visi.comPS print the file out in landscape format - Farewell.doc
