Subject: Re: Dillon Committee Records

Kim:Thank you for your e-mail. I look forward to hearing what you find on Monday. Let's discuss where we are after your search on Monday and before the referral process begins. Maybe we (or Jeremy) will have thoughts on other steps before referring.Thanks for your efforts.TomTo:Tom Samoluk/ARRBcc:From:Kim Herd/ARRB Date:01/09/98 09:29:28 AMSubject:Dillon Committee RecordsI just wanted to update you on my search for these records. Yesterday at NARA II, I had Steve Hamilton do a search of their database for "Dillon" records. He turned up numerous records, but most of these were the records of the JFK Library. Ironically, at the end of the day, I was searching through another folder of miscellaneous Secret Service records, when I discovered several OMB documents which had Secret Service equities. Since I had to leave on the 5:00 shuttle, I only had a few minutes to look through these records. I think these records may have some of the documents we're looking for. The RIFs for these documents don't reference "Dillon," but rather "President's Committee on the Assassination." I am going to return to NARA II on Monday morning to finish my review of these documents. If I encounter a dead end at that time, then I'll start the referral process to the relevant agencies. Please feel free to e-mail or call me if you have any questions.
