**Subject:** Re: Phone Call from Roger Marsh of NRO  
I have spoken with the GC counsel's office. It assures me that Marsh is incorrect and that steps are being taken.

Subject: Phone Call from Roger Marsh of NRO  
He finally returned my call, to say the following:-The whole thing is "off"--as of 8:00 P.M.last hight, when he last spoke to Kier;-He said it was because "the DCI heard about it and went ballistic;"-He said McNamara is not NRO's General Counsel--might be CIA's;-His subordinate, Bill French, never did make contact with either Kodak or NARA.Although I relayed to him your messages of this morning, he is not going to do anything unless Mr. Kier tells him to. As far as he is concerned, his contacts with us are over.He said that NRO has nothing to do with anything called the National Imaging Development Center. END
