Subject: Re: SCI clearances for declass session

I got the TS for Jacobsmeyer and Kammer but no SCI on the fax this morning. Still no word from OSD.

Today I called the following agencies/people and asked them to pass their SCI clearances to us; I asked them all to pass the clearance information to Tracy, and gave them our fax number: State (Nina Noring): she says Hugh Woodward does not have one anymore, but that she does and hers should already be on file with us. I asked her to be here on February 4th (the first day of the slumber party) to review Ford Library documents. NSC (Lisa Salvetti): I asked her to renew her expired T.S. and to pass her SCI. Joint Staff (Paul Jacobsmeyer): Paul took the message--presumably he would be passing both his and Will Kammer's SCI clearances. DIA may have to pass it for them. OSD (Ralph Novak): I left a voice mail for Ralph. CAVEAT: Even if Ralph has an SCI clearance, he is "Cuba Desk" only. CIA: I asked Michelle to pass this requirement to Barry Harrelson. I will not ask Army unless someone tells me there are Army equities in the Ford Library documents.

Please speak with each other and take appropriate steps to get SCI clearances passed to us for the Ford documents for the declass session.
