Subject: Re: February Congressional Letter

Tom -- My report for February is as follows:1. Library of Congress -- We have received their Declaration of Compliance with the JFK Act. They have identified the following restricted holdings regarding the JFK assassination: (1) Nelson Rockefeller's set of Rockefeller Commission records; (2) papers of Daniel Moynihan; and (3) Church Committee papers of H. Liebengood, a former aide to Senator Baker. We are in the process of obtaining the consent of the donors to release these papers(or portions thereof) to the public.2. INS -- INS has sent to the JFK Collection its files for David Ferrie, George DeMohrenschildt, and Carlos Bringuier.3. Church Committee-- We have received additional transcripts (15), which we are reviewing to determine whether they are assassination records. These latest set of transcripts include testimony of Roswell Gilpatric (Deputy Secretary of Defense under McNamara); Richard Helms (CIA); Courtney Evans (FBI); W. Raymond Wannall (FBI); Cartha DeLoach (FBI); and Gordon Gray (Special Assistant for National Security Affairs for President Eisenhower). I have preliminarily reviewed these and only some will probably be assassination records. We are currently processing other, previously received testimony (identified in my January report to you) as assassination records (Case officer for AMLASH, McGeorge Bundy, W. Colby, R. Bissell).4. Treasury Department --- I just received a call from Treasury . They have advised me this morning that they have sent their assassination records (approximately 200 documents, 500 pages) to the JFK Collection on February 11, 1998. These records consist of files relating to Treasury's work with the Church Committee and the HSCA. Their Final Declaration of Compliance will be submitted within the week.I don't have anything else major to report.
