Subject: Three items

Today is John Pereira's last day. I will be sending him a thank you letter on behalf of the staff. I thought it might be appropriate for you to send an additional letter to the DCI -- inasmuch as Pereira is the DCI's personal representative to the Board. What do you think? Regarding my e-mail from yesterday about Sen. Smith and the Toon commission, I would like to get your thoughts. I am assuming that Strickland faxed his letter to you. In case you don't have it, I am faxing our cc of it to you this morning. It seemed from your response to my message about the budget that there may have been a misunderstanding. In the past, the cost of travel has not been a zero-sum issue. It is now. I was simply asking that you keep that in mind. From your response, I understand that you do recognize it -- and that was all I was asking. If I am mistakenly reading any additional subtext to your message, then I apologize. But it does seem that you were annoyed by my even raising the issue--which suggests to me that there may be additional unstated problems. If there is anything that can be helped by a discussing this, I would very much like to do so. I am at your disposal.
