If they can be pulled relatively easily, let's do it.

I would say to please pull their personnel files so we can confirm their location in November 1963. However, since this will now become an FBI special request, I defer to you and Jeremy for the final decision on whether to pursue this project.

Both of the men that you had questions about have retired from the FBI, and their personnel files are closed and are in storage at the FBI's Pickett Street facility in Alexandria. From the files that are now at HQ, Carol was able to determine the following: W. T. Forsyth is William Temple Forsyth, former Special Agent. VHN is (was?) Vinicio Henry Nasca, head of Cuban Operations at HQ. Do you want to make a formal request to have Carol pull their personnel files from Pickett Street and find out more about their careers at the Bureau?
