Subject: Re: jfk assassination
The Assassination Records Review Board was created by the Congress to oversee the identification, review, and release of records related to the assassination of President Kennedy. We do not hold any opinions about the assassination. Any information that you are looking for about suspects and witnesses can be found in the Warren Commission Report, the House Select Committee on Assassinations report, and in the many books that were written by independent researchers and authors. I hope this is helpful to you.Sincerely,Eileen A. Sullivan
Press and Public Affairs Officer
