Jim Wolfe called me today. He determined that the Committee only has a sanitized version of the report regarding the assassination attempt on the Pope. He is going to provide us with the santized version which is entirled "Agca's Attempt to Kill the Pope: The Case for Soviet Involvement, " Intelligence Estimate GI 85-10113L, April 1985. He said that we should try to get the complete , unsanitized version from the CIA. Even for purposes of the final report, it might be interesting to see what was sanitized.
