I have, for personal reasons,begun to do research into the Kennedy and King assassinations. Myprimary sources so far have been books written by John Davis and aRobert Groden. I am really most interested in a character in JohnDavis' book, "Mafia Kingfish", by the name of LaCharda. I have reasonsto believe that the the name is not the right name. If you haveinformation about LaCharda, I would be most willing to tradeinformation.Thank you,Cliff Conradconrad@ksu.edu(785) 532-7426....my office
