I agree, perhaps we could meet early Friday (I have to leave by 9:45 for a meeting at NSA) and discuss the data to be included.

I assume that my role in this will be in helping to create some Excel charts and graphs for this. What we should probably do now is to decide what kind of data we want to present (docs released, pages released, releases per meeting, formal determinations vs. consent releases, etc.) and how best to present it in the report.

I assume that this has something to do with statistics, but I don't know or don't remember. Does this ring a bell with either of you? I am submitting my draft on Monday (presumably anyway) and we should discuss before then -- I will also go over with Jeremy before we proceed. thanks!!!
