Subject: Re: Principal Staff Memos

If it were me, I would not list any principal memos until I got input. Let others define them, even if it means you are late.

Doug - before i send this out to everyone, let me know what you think of it.
thanks a lot, cathy
Enclosed below please find a list of some principal memos written by staff members for appendix E of the final report, which is a List of Principal Staff Memos. This list is not comprehensive. Please add to it memos you have written that are of importance (defined as being related to a major topic in the life of the ARRB, as well as a wrap up memo) to list in appendice E. PLEASE Also include memos written by former staff members that you feel are of importance to be included in this appendice. The following information would be useful when emailing me with additions to the list: If it is your memo: provide me with the re line, date, topic If it is a memo of a former staff member: provide me with as much of the above information as u can recall, or a copy of the memo if you have it. Please let me know if you have any questions. And do not hesitate to include a memo that you are unsure of importance for inclusion in this appendice. Jeremy will be reviewing this list and editing as necessary. I appreciate your help as I do not have a file with only staff memos. Responses (negative or positive) are requested by COB Monday, June 15th.
