ChrisI do not have anything urgent for Chris to do, but if he has time, I would love to have some help on a  
research project for Chapter 4 of the final report. In a number of places in the legis. history, Congress  
discussed different factors that it thought that the Board should consider when it made decisions about  
assassination records. I think that it would be helpful to collect that legislative history on Congress' intent with  
regard to the Board's application of the section 6 standards, and to discuss them in chapter 4 where  
appropriate. To: Ron Haron/ARRB, Laura Denk/ARRBcc: From: Jeremy Gunn/ARRB Date: 06/17/98
