I was waiting for the June 17, 1998 Board determinations to be ready so that you would have a more complete set. Will you be here on Wednesday for the Board's open meeting? If not, I will put the materials in the mail. I feel I should address your apparently hostile message. Please understand that I alone am the entire public affairs department at this juncture in our tenure. We have always provided members of the public with a quick turn-around on requests, however, we are short staffed now and would appreciate your patience as we ("I") process many requests on any given day. Eileen, I have still not received the document lists for the May 12-13th, June 4th, and June 17, board determinations. Nor, did I get Jeremy Gunn's materials, prepared statement with document exhibits, which should include the RIF numbers. You said you would mail them to me. Joe Backes
