We received a call today from Randy Bain (who knows Kermit) at University Publishers of America. He is interested in the KGB records. He can be reached, after Wednesday, at 302-951-4574. We also received a call from Gary Griffith at Hurst-Argyle (sp?) Television about the Zapruder film. Eileen is not in. He is working on a story today. Do you want to call him at 202-457-0220?
