Subject: Re: Dallas Police Records

Thanks for the leads on the LHO address book. I've already been to NARA to look at the original with Steve T., but I haven't tried all of your suggestions yet. As far as the question below, there is a name index to the Warren Commission volumes at the end of v25. That same volume also contains a list of Warren Commission exhibits and where they appear in the volumes. We can fax you these pages if you need them. Thanks again.--

While I've got you, can you make a quick check on something for me? Could you see if the Warren Commission's 26 volumes (not the Report itself) has an index of any sort. I read somewhere it doesn't, then I read it has a name index only (as opposed to a subject index). I think the latter is probably accurate, but it would be good to know for sure. Thanks.
