Subject: Re: last call for appendix E input

I don't have any additions but, as it happens, I just today finished making some updates/minor revisions, to two memos previously submitted. The updates should be substituted in any file you have for the appendix (whether hardcopy or electronic). Moreover, if you would (as if you don't have enough to do), could you print out new hardcopies of these two memos for the regular filing system and put them in? That would be great! Memo 1 below goes in 4.0.2 Specter, Arlen. Memo 2 goes in that file and also in 4.0.2 JFK Medical. Doug: these are 1) Specter/Warren Commission Milestones memo (now 44 pgs.), and 2) Warren Commission/Autopsy Photos speculative memo. Aside from some minor stylistic changes, footnotes added, etc. the updates incorporate my October 8, 1996 phone interview w/Howard Willens (WC counsel), re: autopsy photos and X-rays, as well as Specter's testimony on same subject before the Senate Governmental Affairs Committee in 1992 (when he testified on behalf of what became the JFK Act). The latter I only recently read for the first time when I was working on the draft for Chapter 1. Thanks Cathy! ☺
