Thanks for your e-mail, Anna. I would love to hear any advice that you might have for me. I'll call you at AU tomorrow.

Laura, I was most interested to hear that Cuban records remain a possibility. But we have to hurry. It is already Aug. 4. I wonder how we can fit it into the schedule. As for NARA, they are even worse than the Cubans and clearly intend to wait us out. I haven't yet tackled the FedEx pkg. but I'm impressed that I received it right on time. I have a small piece of "political" advice but prefer to discuss it by phone. If you can spare a minute tomorrow give me a call. Try the AU number if you can't reach me at home. Anna
