wow, i don't know what your level of maturity is, but that person is probably me...To: Andrew Funk/ARRBcc: Mosemarie Boyd/ARRB Date: 08/05/98 03:29:30 PMSubject: HEY, Can you imagine how much fun one could have around here if one were to slowing start a progression of odd behavior? Say that one were to start carrying a Leatherman around the office on one's belt. Then, when people commented about it, one could say things like, "I've been feeling like some of the staffers around here have been endangering my ability to properly secure my files--I'm starting to worry about whether this place is legit." And so on....OK, my sense of humor may have been affected by too many FDNs, but you've got to admit that a less mature person than myself could have plenty of fun in this environment.
