The cost for everything, including shipping and handling, is \$181.00. We must receive the order and check (made payable to ARRB) on or before Friday August 14. I am looking into your other request, although keep in mind we are not likely to be filling requests such as that as we push to close down. Eileen

Eileen, I would like to order the medical depisitions. How much for everything, Humes, Boswell and Finck depositions, the miniscript depositions, the masterset of medical exhibits, shipping and handling? UPS ground service would beokay for me. Also, can I get copies of the public comment letters received for the finalreport?
