Doug, Completed the drafts requested. Sent Express mail today - should arrive to you by afternoon Wednesday. Studies 1 and 2 are essentially in their final form unless changes or additions become necessary. Study three is done except for my photos and a write up on my model J practical printer tests - which have been plagued by delays! Study 4 is "in-process" and suffered a major setback with the delays caused by the "pictures problem". Hopefully I'm back on track and will devote a major effort to try to complete it on time. Your comments and corrections are encouraged. The quality of the reproduced photos are as we would like to submit them in our report. (with a possible density adjustment)
