Subject: Re: Reminder - Final Report - Inconsistencies
To: Laura Denk/ARRBcc: From: Terrie Olson/ARRB Date: 09/16/98 03:19:12 PMSubject: Reminder - Final
Report - InconsistenciesSearch and replace: double-hyphen should be changed to an em dash. As of now, it
appears both ways. If there are any "space hyphen hyphen space" entires that has to be searched separately.
Also if one of those appears at the beginning or end of a line (space hyphen hyphen) or (hyphen hyphen
space), those have to be searched separately also.
