Subject: Re: News conference?
Yes, the press conference will be the same day the report is available -- barring any glitches it should be Tues. Sept. 29. We have tentative arrangements for a press conference at NARA that morning, but nothing is finalized. I hope to issue an advisory this Thursday (or Friday the latest) with all the details. The report regarding the ballistics testing is supposed to be issued by NARA sometime in October I believe. Eileen, When last we spoke via email you mentioned the possibility of a press conference. Will this be simultaneous with the release of the final report? I assume it will be. Is this definite? If so, when? Would it be possible to obtain a copy of the final report prior to the press conference? Any news on the FBI testing of the bullet fragment?
