MEMORANDUM FOR: The Inspector General  
ATTENTION : Mr. Scott Breckinridge, Jr.  
VIA : Acting Deputy Director for Operations  
FROM : George V. Lauder  
Acting Chief, Latin America Division  
SUBJECT : Latin America Division Task Force Report  
of Possible Cuban Complicity in the  
John F. Kennedy Assassination

1. Attached is the Latin America Division report of findings relative to Cuban complicity in the assassination of former President John F. Kennedy. This research which was conducted from mid-October 1976 to June 1977 at the direction of the Deputy Director of Central Intelligence, E. Henry Knoche, reviewed all Agency operations conducted against Cuba from 1 January 1960 to 1 January 1965 (concentrating on the period 1 January 1960 to 22 November 1963). We found no definitive proof that the Castro regime was implicated in the Kennedy assassination.

2. The report is comprised of the following sections:

SUBJECT: Latin America Division/JFK Task Force How  
Research was Conducted

1. The LA Division Task Force to investigate records in connection with the assassination of President Kennedy was formally organized in mid-October 1976. Its purpose, basically, was to research all Agency operations conducted against Cuba from 1 January 1960 to 1 January 1965 (concentrating on the period up to 22 November 1963) for any evidence that such operations might have provoked the Government of Cuba to take executive action against President Kennedy. Researchers were also alert to activities seemingly directed against the U.S./CIA.

2. Reference to material for this research was obtained from the LAD Registry, the Cuba Desk machine runs, and a special comprehensive file listing prepared for this purpose by ISS (Information Services Staff). It was originally thought that material pertinent to the search would number approximately 900 operational folders, plus related 201 dossiers. It was later determined, however, that a thorough review should include additional operational and subject files which brought the total to well over two thousand files. In view of the date of the material, much of it, both operational

**SECRET/SENSITIVE**

**SECRET/SENSITIVE**

- 2 -

and subject , has been retired to Archives at  <sup>99</sup>

  The remainder is held at Headquarters in IP/Files or IP/Archives. All 201 dossiers are retained at Headquarters. This material is easily retrievable through the use of specific job numbers and file reference numbers recorded and retained in the LAD/JFK Task Force files (too numerous to cite herein.)

3. Following is a breakdown of the types and numbers of files reviewed, criteria employed in the research, the findings, and organization of the material:

a. Types and Number of Files Reviewed:

1. Operational	1,729	
(601 with findings and 1,128 with no findings)		
2. Subject	547	
(186 with findings and 361 with no findings)		
3. Cuba Policy Files	101	
4. C/WHC Chrono Files (TFW Chronos)	37	(13 -49)
5. Official 201 dossiers	<u>100</u>	plus
TOTAL	2,514	

b. Criteria Used in the Research:

As a guide the research group followed some 33 Terms of Reference provided by the Deputy IG, which were compiled on the basis of issues raised in Book V,

**SECRET/SENSITIVE**

~~SECRET/SENSITIVE~~

- 3 -

of the Senate Select Committee Final Report on the Assassination. (Book V, and a 23 May 1967 Memorandum for the Record by the Inspector General on Plots to Assassinate Fidel Castro, were required reading for the researchers.) In addition to the Terms of Reference, the group remained alert to other items of interest brought to its attention by the IG staff, on an ad hoc basis. A name trace was always run, and/or 201 dossier, if available, reviewed, on any individual allegedly involved in an assassination plot against President Kennedy or Fidel Castro. This task was made somewhat easier as the result of a memorandum prepared by the Cuba Desk, in August 1975, based on traces of the names in the Black Book that Fidel Castro passed to George McGovern which dealt with individuals allegedly involved in assassination attempts against Castro.

c. Findings and Organization of the Findings:

Each researcher submitted a draft paper noting the Subject of the folder (s) reviewed, a brief description of the activity, and a copy of the document (s) (findings) which contained information believed to be pertinent to the review. Also included were Job numbers, Official File numbers, inclusive dates of material researched, and number of volumes reviewed. Beginning in January 1977, at the request of the IG Staff, the researchers also began noting FBI and/or other government agencies knowledge of

~~SECRET/SENSITIVE~~

information. Separate, finished, memoranda were prepared, on the basis of these data, including the heading Findings. This heading lists the specific document number (s) and other pertinent data, and a few lines providing the gist of the document (s) for purpose of easy and quick reference. These memoranda, with a copy of the document (s) attached, are filed in alphabetical order, by project and subject, in hard-back green folders as part of the official LAD/JFK Task Force files under the official classification number 019-604-001 (Volumes XI through XX). Also included in the records are two folders (Volumes IX and X) containing 1,439 draft memoranda with negative findings.

4. Appended are the following:

- A) Chronology of Findings (125 pages) with Top Secret UMBRA Annex (14 pages);
- B) List of Task Force participants and their functions;
- C) Outline of the complete LAD/JFK Task Force files and description of their contents.

## CHRONOLOGY OF FINDINGS

Anti-Castro Activities - Cuba 19-9-9HVCA 11020 dated 28 February 1964

A Caracas Station asset reported an operation called "Plan Judas" being constructed at that time inside Cuba. The plan reportedly involved an internal uprising with the support of certain Cuban military figures conspiring against Fidel CASTRO. Key figures reportedly included Juan ALMEIDA, Efigenio AMEIJERAS Delgado, Pepin NARANJO, Regino BOTTI, and two COSSIO brothers. On 24 February 1964, Francisco SUAREZ Quinones, a JURE (Revolutionary Junta) member in Caracas, told U.S. Embassy officials that JURE was then sponsoring a plan to assassinate Fidel CASTRO and other high-ranking Cuban Government officials as part of an operation designed to incite an internal rebellion in Cuba. The Station reported this plan, speculating that it may be connected in some way with Plan Judas.

Corp. and two BABUN employees, Oscar FERNANDEZ Veigo and Eliseo GOMEZ Fernandez; also, Jose "Pepin" BOSCH, Julio LOBO Olavarria and Eduardo GARCIA of the Garcia Lines, New York City. One of the ship owners allegedly had contacts with the underworld through his partner, a former police officer from St. Louis with tie-in to elements of the "Cosa Nostra."

DBA 92798 dated 7 December 1964 (FBI)

An FBI source reported an attempt to be made against Fidel CASTRO, Raul CASTRO and "Che" GUEVARA within Cuba during period 20 Dec 64 to 10 Jan 65 by a small elite group in La Cabana Military Base, Havana, which belonged to a security section inside of the Cuban Intelligence Service. Plans were to be carried out by Cubans in Cuba with no help from the U.S.

On 18 June 1963 an unnamed representative of Ejercito Cubano Anticomunista (Cuban Anti-Communist Army) met with a representative of Santos TRAFFICANTE, described as a former gambling czar in Cuba and presently a member of the Mafia in the U.S., in an effort to obtain rockets, high explosives, and detonators for use in raids against Cuba.

DBA 45327 dated 12 July 1963 (FBI)

Manolo AGUILAR, 829 S.W. 9th Avenue, Miami, leader of the Frente Revolucionario Anticomunista (FRAC) (Anti-Communist Revolutionary Front) obtained some 100 Beretta 7.65 caliber pistols with silencers which his organization planned to eventually use in Cuba to assassinate various Cuban leaders. AGUILAR allegedly obtained these pistols from an unidentified American who had connections with the Mafia.

DBA 45895 dated 19 July 1963 (FBI)

On 15 July 1963 the Miami News carried an article "Back Stage with Bobby" by Hal Hendrix, which related growing speculation in Miami and Washington that Attorney General Robert Kennedy was quietly backing a new anti-Castro operation with exiles Manuel ARTIME, Enrique RUIZ Williams, and Roberto and Jose SAN ROMAN. All held high posts in Brigade 2506 (Bay of Pigs). Speculation linked Kennedy's close association with these exiles to a deal with Nicaragua through ex-President Luis SOMOZA.

selected Cuban Government leaders. Prices allegedly agreed upon were \$100,000 to assassinate Fidel CASTRO; \$20,000 for Raul CASTRO; and \$20,000 for "Che" GUEVARA. This information was provided to the FBI by another Government Agency that allegedly had several meetings with one Byron CAMERON, Fort Lauderdale, Fla. CAMERON allegedly was acquainted with several policemen in St. Louis with ties to the underworld. CAMERON denied involvement with policemen connected with the underworld and said he had never discussed with anyone plans to assassinate Fidel or others.

RUIZ Williams was trying to form a nucleus for an invasion force. GARCERAN had been offered use of a large ranch in Colombia for operations against Cuba but feared that use of such would create an international incident and provoke a war between Cuba and Colombia.

TDCSDB 3/651,885 dated 25 October 1962

Reported view of Soviet diplomat on the Cuban situation. The Soviet diplomat, Minister MOLYAKOV, told a Bloc diplomat that he thought the U.S. action with regard to Cuba was "an election affair." He professed to believe that Kennedy learned on an election tour that his popularity had dropped and undertook the Cuban measure to "become the leader again," and gain mass support. Further, that it worked, and Kennedy again had succeeded in being the "man of the nation." The Soviet diplomat commented that the USSR would not let the American move go without retaliation. /COMMENT: This no doubt referred to the missile crisis./

TDCSDB 3/652,011 dated 1 November 1962

Reported reaction of Satellite officials to the Cuban missile developments. One remarked that Cuba was as important to the USA as to the USSR and thus conflict was inevitable. Some agreed that President Kennedy had made a tactical error in not simply invading Cuba without warning. An East European remarked that all the European nations had shown understanding of "Kennedy and his ships, and would let him play around with them until the elections, but after the elections he would have to put them away and negotiate seriously." The source commented that it was clear that the officials had no clear insight into Soviet intentions, or what the real

ramifications of Cuba would be, but were talking to reinforce their faith.

GNVA 6117 (IN 00894) dated 18 January 1964

Report on Soviet Bloc officials' attitude towards U.S. internal political developments. An East European attributed the assassination of President Kennedy to the Birch Society but stated that something must have gone wrong at the last moment. He speculated that an attack on the USSR was to have followed on the heels of the assassination but had somehow been forestalled.

GNVA 4523 (IN 38202 ) dated 19 December 1962

Reported that Soviet offensive missiles were introduced into Cuba as part of a twofold Soviet-Cuba plan which was agreed upon "several months ago." Emplacement of Soviet defensive missiles was to constitute the first phase. For the second phase, a major Soviet fleet unit was to have been invited to visit Cuba on a cruise. This was expected to cause immediate U.S. reaction, but the presence of Soviet fleet units surrounding Cuba was considered an effective guarantee that the U.S. would not resort to immediate invasion or other armed action to eliminate missile threat. Purpose of exercise was to force

~~SECRET/SENSITIVE~~

a major change of U.S. policy towards Cuba. It was anticipated that U.S. reaction would be violent, and from the beginning the plan called for immediate withdrawal at the price of agreement by U.S. that it would end hostile attitude towards Cuba. The Soviets did not implement phase two. This disappointed and angered the Cubans. The Cuban leaders considered that the Soviets had besmirched its own honor and offended the pride of Cuba. KHRUSHCHEV composed a letter to President Kennedy proposing a deal concerning Soviet missile bases in Cuba and American bases in Turkey. KHRUSHCHEV reportedly later regretted the phraseology and not having consulted with Cuba prior to dispatch of the letter.

GNVA 6316 (IN 31199) dated 3 March 1964

Raul ROA said that prior to his assassination, President Kennedy "established certain contacts" with Cuba. Kennedy had sent emissaries to contact Cubans. ROA specifically cited contacts that had taken place in New York. ROA thought that Kennedy would have gone on to negotiate with Cuba, for practical reasons, which would have been to Cuba's advantage. He thought that President Johnson was unaware of Kennedy's actions.

Also, report that high figures of CASTRO regime were very nervous on the day of Kennedy's death. This information came from AMCOVE-11 who obtained it from a doctor friend, who obtained it from a Navy Comandante who was not a sympathizer of the regime.

AMCOVE-1 SW Message #68 dated 6 December 1963

AMCOVE-11  reported "rumors in Cuba that Lee OSWALD, assassin of Kennedy, was photographed in Varadero and Pinar del Rio, and that his (sic) sister, employed at Cuban Embassy Mexico, was a prisoner in Dallas, Texas, with personal documentation of OSWALD and \$65,000 dollars. Swiss Ambassador Havana told employees that Lee OSWALD was an associate of Fidel CASTRO."

AMCROAK Operation 19-6-97MADR 9866 (IN 74333) dated 5 December 1963

AMCROAK-1 (Dr. Bernardo MILANES Lopez) discussed an operational plan with AMOT-2 (Joaquin SANJENIS Perdomo)

which consisted of elimination of high GOC personalities. MILANES had not mentioned the plan to the case officer. (MILANES was recruited by CIA in Madrid in December 1963. At the time of recruitment he was involved with a group planning to kill CASTRO, a completely extra- CIA affiliation.)

MADR 9928 (IN 78595 dated 11 December 1963

The above plan mentioned by MILANES concerned the physical elimination of Fidel CASTRO, Raul CASTRO, and "Che" GUEVARA. MILANES said that seven persons were involved in the plan and that they had studied it for eight months. The case officer told MILANES that the USG did not look with approval on such activities, but he would pass the information on to his supervisors.

DIRECTOR 88949 dated 12 December 1963

In discussions with MILANES he was to be told that a coup against CASTRO resulting in ouster of CASTRO and the Communist regime was an internal affair for which only Cubans could be responsible. That in the event of a real coup against the CASTRO regime, the U.S. Government was prepared to render full support, upon invitation.

UFGA 13793 dated 27 January 1964

When discussing the plan with MILANES, the case officer

learned that Mario SALABARRIA Aguiar was one of the principal planners. When the case officer told MILANES that the US Government did not condone such actions, MILANES replied that in view of our lack of support of this undertaking, he considered it not prudent to reveal further details, but added that he actually did not know the names of any other possible participants and had only a general idea of the scheme which was to waylay CASTRO as he was leaving an apartment.

UFGA 13794 dated 28 January 1964 (JMWAVE to Hqs.)

In January 1963 Fidel CASTRO asked MILANES what he thought of President Kennedy and his relationship with Fidel. MILANES replied that Fidel probably underestimated Kennedy, that the latter by no means was illiterate or the imbecile Fidel often described him to be, and in the long run Kennedy would be Fidel's undoing. Fidel laughingly replied that he would be the one who ruined Kennedy because within eight months Fidel would have Latin America burning. Fidel made an obscene motion and said he would have Kennedy "in the air."

/COMMENT: Mario SALABARRIA, who worked closely with MILANES, reportedly drew up the assassination plans

and allegedly obtained money and weapons from the U.S. MILANES and SALABARRIA were arrested in mid-1965. SALABARRIA was sentenced to 30 years imprisonment. As of May 71 his name appeared on a list of prisoners of Guanajay Prison, Pinar del Rio, Cuba. MILANES, according to one of his sub-sources, served only a few years of his sentence because of collaboration with the Cuban Government. As of 1973 MILANES reportedly was living in Miami, Florida and had been singled out for elimination by members of the Cuban exile community in Miami. /

associated himself with the White Rose Organization through his nephew Carlos RIVERO Collada. /COMMENT: RIVERO was one of the ransomed returnees from the Bay of Pigs, December 1962. /COMMENT: CONTE in 1960 was attempting to be placed in charge of anti-Cuban programs of the "Voice of the Americas." The FBI informant learned that a person by the name of Roberto had requested biographical and personal information from the Cuban Foreign Ministry on a fnu BEATON and CONTE Agüero for writing of articles concerning these persons, for the "Fact Sheet." In principle they thought it was one of those reactionary extremists who was against the integration and all ... but it seems that they apprehended a man who is nothing more than the president of one of those Fair Play for Cuba Committees.

LUISA : Says she also knows that.

CALLER : As of yet nothing is confirmed but it appears that whoever did it was crazy, independently (so deranged) that he could have blamed that to Kennedy... say the international conditions and internal conditions in the United States... because...

LUISA : And more external principally.

CALLER : That's why I say international... one can see a sufficient effect and not suffer a big change, with a change of President or with a thing of this type ... above all...

LUISA : Was it a gringo (American) that killed him?

CALLER : Yes, but he said he had been in Russia, that he wanted to become a Russian citizen, but Russia didn't want to give him the citizenship.

LUISA : Surprised...said listen, how do they know those things over there?

CALLER : He knows Russian well, and moreover this fellow went with Fidel's forces into the mountains,

or wanted to go, something like that. Who knows how the thing was?

LUISA : Serious.

CALLER : Asks how much more they know over there?

LUISA : Almost precisely that. They heard about it sometime ago and now they are ...

CALLER : That is very bad. He was eating with some friends and commenting on the magazine Politica which had just come out, when one arrived and gave them the news. That really surprised him and he thought they were being kidded.

LUISA : She was looking at the magazine but her friend must have accidentally taken it away.

CALLER : Said his friend commented that a Mexican had killed him (Kennedy) because he (the Mexican) realized that the United States had taken Texas from them and he killed the President for vengeance; that it was all a joke but they didn't believe him until he said that they should turn on the radio; that's when they heard about it. The last thing he heard, a little while ago, is that the fellow is someone named OSWALD. They believe he is the one but he hasn't confessed anything.

LUISA : But they already know that he speaks Russian and belongs to a pro-Cuba committee. They

know that he wanted to be naturalized, but the man hasn't confessed.

CALLER : Says the reason may be they are trying to find out something about the man, because...

LUISA : Says wait a minute, can you tell me?

CALLER : We thought that if it had been, or appeared to the public to be one of the segregationist or those opposed to integration that had assassinated Kennedy, that there might be a civil struggle, or a Civil War in the United States. Considering the critical situation the country is going through, they will find a resolution to that man, no? Already it is more international. Are they going to find out for certain, who knows? Let's see what happens.

LUISA : Laughs and asks what will happen.

CALLER : Who knows?

LUISA : Figuratively, one, two, three, and already there are three. (She laughs). What barbarians!

CALLER : That will probably be the topic of conversation at Silvia's party today.

LUISA : It was cancelled because they couldn't go.

and all that junk.

CALLER : Asks where she is going to stay now.

LUISA : Says that she plans to move to the doctor's  
house tonight.

CALLER : Asks if all is known there.

LUISA : Says yes, but she doesn't know how everything  
is or if they have to stay at the Embassy;  
however, she believes that it will not be  
possible today, because everyone left for the  
airport and there isn't a car at the Embassy.  
Possibly tomorrow morning, instead of going to  
the study group, she will move.

CALLER : Said he would talk to her tomorrow.

LUISA : Said that he should inquire at the Embassy or

Embassy, she will go to her house, where she  
will be by 10.

A-1 said he was one of the five persons who knew the identity of the person who was organizing it, but could not reveal it, even to CIA, because those Cubans believed that U.S. policy toward Cuba had been so wrong that the U.S. Government agencies must have been penetrated by traitors to democracy. On 23 July 1963 an unidentified individual said he was raising money for the purchase of more dynamite to use in the assassination of Fidel CASTRO. ships and cargoes. Now appears AMLEG agents generally unsuited for violent sabotage.

DIRECTOR 39186 Dated 11 May 1963

Restriction on sabotage applies only to explosive and incendiary type actions such as limpets and shape charges. Wish to explore possibility of non-violent methods of sabotaging Cuban ships. Wish to minimize USG sponsorship of sabotage acts whenever possible. This program is to be held on strict need to know basis. Therefore, no briefing of State personnel without prior Hqs. approval. Request for approval in most cases will be denied. Rationale for revision is that State fully represented in approval this program and may brief their Chiefs of Mission thru own channels if they wish.

RESEARCHER COMMENT: In view of large number of persons briefed on the program in a short period of time, it appears likely that the Gov't of Cuba could have possibly learned of the program by June 1963, some four months before the assassination of President Kennedy. The State Dept. approved the operation and Ambassadors were to be informed on a strictly "need to know basis." There was a minor flap when it was learned that Amb. McArthur (Belgium) was informed of the program.7

AMLOAN Operation 19-6-79/3EGGA 3171 Dated 2 November 1964

Dispatch from Hamburg Base to Hqs. On 15 Oct 1964, after publication of the Warren Commission Report, untested source [Prof. Walter SIMON] reported the following to AMLOAN-1 [REDACTED] [SIMON] obtained the information from well-known Cuban scientist APIAGAS (fnu) in Havana on 23 November 1963. APIAGAS claimed he was at the Havana Airport, by chance, on 22 Nov 63 when at 1700 hours an aircraft with Mexican markings landed and parked at the far side of the field. Two men whom he recognized as Cuban "gangsters" (identities not given), alighted, entered the rear entrance of the administration building and disappeared without going through the normal customs procedures. APIAGAS learned that the aircraft had just arrived from Dallas, Texas via Tijuana and Mexico City. The plane had been forced to land at Tijuana due to engine trouble. By combining the date, the origin of the flight, and the known reputation of the two men, APIAGAS theorized that the two men must have been involved in the assassination of President Kennedy. APIAGAS speculated that Lee Harvey OSWALD had acted in the pay of CASTRO, and that

the two Cubans had been in Dallas to organize or oversee the operation. APIAGAS said he had been greatly distressed by what he had seen and heard.

CSCI 316/02545-64 dated 15 December 1964

Provided the foregoing information to the FBI. It did not include the name of APIAGAS (fnu) or [Prof. <sup>AS</sup> Walter SIMON] but did state that follow-up was impossible because the source [SIMON] <sup>AS</sup> had since passed away.

DBA 94347 dated 31 December 1964 (FBI)

The FBI responded that "in view of the geographical location of Tijuana in relation to Dallas and Mexico City, it seemed unlikely the aircraft would have landed there due to engine trouble if it was on a flight from Dallas to Mexico City. Also, that due to the distances between Dallas and Tijuana, Tijuana and Mexico City, and Mexico City and Havana, the aircraft would have had to leave Dallas a number of hours before the assassination of President Kennedy to arrive in Havana at 5 p.m." The FBI suggested that CIA may wish to determine at the airport in Tijuana whether any aircraft

release to public by Warren Commission, report believed to have been passed to FBI Miami by WAVE Station. Concerned information from a Western diplomat alleging that the assassination of President Kennedy was the result of a plot prepared and executed jointly by Chinese Communists and Fidel CASTRO through intermediaries. The intermediaries were alleged to be Ramon B. CORTES, Mexican-American, and FERNANDEZ Feito (fnu), a Cuban, both located in Dallas, Texas. It was also alleged that these men were financed through an unidentified bank at 14 Wall Street, New York City.

Memorandum to the FBI from CIA (SAS) Dated 7 Dec 1963

Reported the above information to the FBI. Also noted that reportedly Fidel CASTRO was extremely worried about the current probings taking place into the assassination of President Kennedy and about the possible findings. The utterances about the plot came from SAAVEDRA (fnu), allegedly a close friend of Celia SANCHEZ. It further states that there appeared to have been no Soviet participation in the plot because at that time the Soviets were too close to the Americans. (Christian Democratic Movement)

U.S. Embassy Foreign Service Dispatch, Havana,#1614 dated 9 May 1960 (837,432/5-2460)

Reported that the Revolutionary Government has skillfully maneuvered Rolando CUBELA, the President of the FEU, and his pro-Communist cohorts into a position of power. First, on May 7, it was CUBELA who was given the task of inciting the mob and bruiting the fact that the powers-that-be disapproved of Aureliano SANCHEZ Arango. Communist "goon-squad" tactics had become so vicious that even many students who had heretofore been circumspectly apolitical are afraid to attend classes. The Vice-Secretary of the School of Agronomy asked how it was that if CUBELA leadership so deplored violence that it had remained impassive in the face of the physical violence perpetrated against his person by members of the Communist Youth from the Instituto de la Habana, who had entered the University grounds completely armed. CUBELA and Angel QUEVEDO, went about the campus carrying arms, in direct violation of the University regulations.

On 7 September 1963 the Movimiento Insurreccional de Recuperacion Revolucionaria (MIRR-Insurreccional Movement for Revolutionary Recovery) made an abortive attempt to bomb a target in Cuba. On 8 September 1963, Jack GRIFFIN (U.S. citizen), an unidentified American, and a Cuban described only as a demolition expert and former member of Brigade 2506, bombed a sugar plant and dropped 6,000 leaflets near Moron, Camaguey Province. Five of the six bombs exploded with violent force, and started several fires in the sugar mill. There was estimated 50% destruction. This was done in the name of the MIRR. An American by the name of Bill Johnson, reportedly had full control over all MIRR operations. Money was supplied by Orlando BOSCH Avila, obtained from Chiri MENDOZA. /COMMENT: This confirms previous information that CUELLAR was a double agent. He reportedly caused the execution of a number of counter-revolutionaries operating in Cuba. CUELLAR's dependents have been paid under Project [SLSTIPEND] since the early 1960's. In view of evidence that CUELLAR was not executed by the CASTRO <sup>Regime</sup> as publicized in the Washington Post in the early 1960's, it has been recommended to the Commercial Cover Staff that administers the [SLSTIPEND] Project, to further investigate the case and stop payments if possible. /

Was debriefed by CIA staffer Lou DeSanti upon return to the U.S. in July-Aug 63. VICENTE stated he had had interviews with CASTRO and Che GUEVARA. VICENTE penetrated the FPCC, the Casa Cuba, and Jose Marti Club in New York City. CSDB 312/01128-64 dated 19 November 1964

In late September 1964 a Cuban soldier guarding the Algerian Embassy in Havana attempted to assassinate Premier Fidel CASTRO Ruz, who was in the embassy at the time. The soldier killed another sentry before being shot on the spot by the security forces. By early October 11 officers and men involved in the attempt on Fidel's life were apprehended while trying to escape and were executed without trial. /COMMENT: In Aug 64 there were rumors of uprising and plots against the Castro regime, some within the armed forces, which reportedly lead to summary arrests and secret executions. During this period underground sources reported that 70 Cuban Army officers had been arrested in connection with a plot to topple CASTRO's regime; the plot allegedly had been discovered by a CASTRO agent who pretended to be a participant. (Could this have been the AMTRUNK Operation.?)

TDCSDB 3/651,885 dated 25 Oct 1962 filed 68-6-147/4

Minister MOLYAKOV told a Bloc diplomat that he thought the U.S. action [missile crisis] was an "election affair"; that President Kennedy discovered that his popularity had dropped and undertook the Cuban measure to "become the leader again."

GNVA 4357 (OUT 53779) 25 Oct 1963 filed 68-6-147/4

MOLYAKOV commented that the USSR would not let the American move go without retaliation. That with this measure he [President Kennedy] had become the "man

GNVA 4376 (OUT 53800) 27 Oct 1962 filed 201-9239

At a dinner party on 25 Oct 62 in Geneva attended by orbit officials, MOLYAKOV reportedly stated that KHRUSHCHEV was aware that Kennedy was mad, an adventurer, and must not be allowed to pull strings, meaning, to retain initiative or control pace in the current international situation.

GNVA 4470 (OUT 53909) 19Nov 62 (TDCSDB 2/652,244)

Filed 68-6-147/4

Reported the following on the probable reaction of Fidel CASTRO and his principal associates to the Soviet withdrawal of offensive missiles from Cuba and to U.S. demands re the withdrawal of Soviet IL-28 aircraft and on-spot inspection: Source said that CASTRO's vanity was immense and no matter how it had been explained to him by MIKOYAN or other Soviet officials, he must have been furious at the fact that the Soviet Union had "backed down" before the U.S. and was negotiating with the U.S. on an independent basis. CASTRO must have considered himself as being in a desperate situation. Source said that CASTRO was dominated by vanity, had megalomaniacal tendencies, and possessed a compulsion for revenge which was notorious; on occasion his compulsion caused him to

reach back as far as twenty years to revenge actions taken against him at that time. Source added that in the current situation CASTRO was fully capable of undertaking an act of desperation, for example the aerial bombardment of the U.S. or some gross act against the Soviet Ambassador in Cuba.

GNVA 5006 (OUT 54584) 28 Mar 1963 (TDCSDB 3/653,939)

AMTRUNK Operation 19-6-84/1-4UFGA 11375 dated 30 September 1963

AMLEO-3 (Jose Ricardo RABEL Nunez) defected to the U.S. in December 1962, became a JMWAVE asset, and was used to screen names for the AMTRUNK Operation. His wife reportedly had direct contact with Fidel CASTRO on 7 September 1963 and requested permission for herself and children to join RABEL in the U.S. CASTRO reportedly expressed knowledge that RABEL phoned his wife in Cuba every day. RABEL was terminated in July 1964, reportedly due to conflict with JMWAVE Station for not having exfiltrated his wife and children. He returned to Cuba on his own in 1965, arrested, and set free in July or August 1967. There are two firm accusations that he was a CASTRO agent as early as July 1963. If true, he could have been providing CASTRO information on the AMTRUNK Operation.

UFGA 11829 dated 18 October 1963

Tad SZULC wrote an article on changing trends among high-level personnel within the CASTRO Government, which appeared in a major daily newspaper, and which he told a high-level U.S. Government official was sourced to Dr. MORENO, the AMTRUNK team leader. Debriefing of

WAVE 9630 (IN 87039) dated 25 December 1963

So as to negate the possibility, CASTRO was undertaking an intensive propaganda campaign to give confidence to his troops and to limit the occurrence of any internal uprising.

SZULC reportedly kept abreast of all important AMTRUNK operational developments but took no active part in the operations. The captured agents appeared on TV. The Cubans referred to operation CUPID (true) and to Robert Wall (CI Staff.) [We wonder how the agent knew the operational crypt. LaSaga described by Hecksher as one of the most intelligent men he had ever met. It was LaSaga's firm position that while President Kennedy was in power it would be impossible to defeat CASTRO.

Memo for Chief, Special Affairs Staff, by Henry

Hecksher dated 3 September 1963 19-124-27/3 (Box 28)

A Tad SZULC article in a special to The New York Times datelined Key West, 1 Sept(1963) quotes "the judgement of authoritative quarters in Cuba" that Washington tolerance of small refugee groups that are identified with political factions objectionable to most Cubans, specifically the groups that apparently operate from Nicaragua and are identified with ARTIME, works against the emergence of meaningful opposition. /Hecksher comment: I wonder who is actually behind what looks to me like a concerted denigration campaign?/

DBA 42843 dated 3 June 1963 (FBI) 19-124-27 (Box 29)

From interview of Santiago ALVAREZ Rodriguez on 23 May 1963 and information from his contact in April 1963 with attorney Paulino A. SIERRA. SIERRA planned to go to Miami, from Chicago, to help establish a unity movement among Cuban political groups. SIERRA wanted ALVAREZ to meet an American arriving in Miami from Chicago (name unknown) who claimed to have \$30,000,000. available to donate to Cuban exiles to establish unity and provisional government in exile. The American said the money would be given on condition that the unity would be established, and that the group he represented would

be given certain concessions in Cuba in the future. The American claimed he did not represent the U.S. Government but had good contacts with the government. It was not known what he meant by the term concessions - whether that was with reference to gambling concessions, business franchises or possible business contracts with the Cuban Government. ALVAREZ concluded that the American was completely unreliable. The American was described as white, male, about 45 years old, 5 ft. 10 inches, 180 lbs., well-dressed, businessman type who spoke a little Spanish and obviously had been in Havana at one time. The American indicated that he was from Chicago.

WAVE 1013 (IN 78067) dated 11 July 1963 (Box 29)

Concerns activities of Cuban Committee for Liberation (CCL) sparked by Guillermo ALONSO Pujol 21 May 1963. (Agency learned from DGI defector SLIPSTREAM-1 in Nov 71 that ALONSO was a Cuban intelligence agent.) Cable goes on to state that Enrique RUIZ Williams had apparently been inactive, at least in Miami circles, since denying via local press on 22 May that he was hand-picked by Attorney General Kennedy to unify anti-Castro exiles.

WAVE 8562 (IN 74653) dated 5 Dec 1963 (Box 29)

Reports that PRIO's declarations wherein he accused the U.S. Government of agreement with Russia to replace CASTRO with Tito-type government originated with Guillermo ALONSO Pujol in Washington. It was received by PRIO through Guillermo BELT. Pujol has friendly relations with certain members diplomatic circle Washington and thinks he is well informed although he lives in Europe. Guillermo MARQUEZ, publisher of New York weekly Ahora and Carlos MARQUEZ Sterling are both part of PRIO's plan and allegedly have become associated with Richard NIXON in accordance with Republican Party plan to bring up Cuban case before the elections.

WAVE 8563 (IN 84654) dated 6 Dec 1963 (Box 29)

Information from Francisco CHAO Hermida, who attended 10 Nov 63 meeting with Miguel A. "Cuco" LEON - involved PLAN JUDAS. LEON told CHAO that while in Wash., D.C., he met with Enrique RUIZ Williams. RUIZ informed him that he (RUIZ) was to lead new Cuban republic and had been so named by Robert Kennedy who had gone to New York to interview him. Kennedy allegedly said that RUIZ could

Memo for the Record by Alfonso RODRIGUEZ dated  
23 June 1964 re Telecon with Tad SZULC (Box 29)

SZULC stated that the detention of RAY was due to "double" nature of U.S. policy; meaning by that that the U.S. Government was anxious to depose Fidel CASTRO, but would not permit anyone to act against Cuba. RODRIGUEZ pointed out to SZULC that RAY as well as "all of the other fellows" have been constantly reminded that they cannot use U.S. territory as a base but apparently they have got to lose all of their assets before they realize that this is a serious policy.

AMWREN Operation 19-6-51/1-4

AMWREN-1 Report dated 5 February 1962 19-6-51/4

Report that during a speech on 4 February 1962 Fidel stopped reading the text prepared by the Communist Party and, on his own, referred to Kennedy as "impudent". He tried to separate himself from the text and continue on his own, but was brought back in line by Carlos Rafael RODRIGUEZ and Anibal ESCALANTE.

On 1 February 1962 AMTURVY-1 reported that Rolando CUBELA and other prominent government figures were under arrest in La Cabana Fortress and were kept

AMYUM Operation 19-132-32

UFGA 8466 dated 12 April 1963 19-132-32

Transmitted intelligence debriefing reports on Operation FINA exfiltrates. Debriefing of Caridad MACIAS Rodriguez. On 26 July 1961 MACIAS was involved in an action to kill Fidel CASTRO at the 26th of July ceremony at the Plaza Civic. The action was to kill Fidel CASTRO by firing a bazooka shell at the speaker's platform. This action failed because of a defective firing device on the bazooka. The G-2 had had persons involved, working in resistance, under surveillance for some time. MACIAS was connected with the MRR. A G-2 interrogator said that the Cuban security forces knew everything that was going on in the resistance movement. They permitted these resistance organizations to organize and exist until it was decided to roll up the group. She seemed to be connected with AMBRONC-5 (a CIA on-island asset) who was arrested and executed the latter part of August 1962.

ZRKNICK Operation 200-5-38 (FBI Monitoring of  
Cuban Espionage Net in Miami, International in Scope)

BOX I - Non-CS Documents Filed AMAPOLA (Juan AMESTOY Folder)

On 8 April 1963 the FBI intercepted an SW message from ZRKNICK agent in Miami to CUIS Headquarters in Havana. Said Juan ARMESTOY /should read AMESTOY; was CIA agent told ZRKNICK agent about a trip he planned to Cuba with other Cubans. That an internal uprising was being prepared and six men, four Cubans and two foreigners, had already arrived in Cuba to assassinate Fidel. "Ricardo CABRERA told RIN last night that from now until December 63 many things are expected in Cuba and that the American Government will take advantage of the opportunity of the attack on the Russian boat to control the gusanos (worms) who work on their own and then in the work of CIA in its job of infiltration. ARMESTOY says that they always take an American with them and it is he who gives the orders and communicates by radio with the airplanes which explore the route. ARMESTOY took eleven thousand five hundred pesos to Cuba. Be careful. Regards." /COMMENT: ZRKNICK at request of CUIS Havana, continued to report on AMESTOY. AMESTOY was later arrested and killed in a gun battle or executed by the Cuban Government./

Memo attached text of intercepted message; although in code, deciphered, it said the following: "Antonio ROJAS told me the following. CIA is still recruiting people but they are warned before hand that they have to accept Huber MATOS as their leader. My friend, Luisito AQUIAR, who was second in command to Tom DIQUE, was recruited and he will soon be sent to Cuba. RID told me the following: my prison mate Ernesto SANTANA, was also recruited a few days ago and sent by CIA and transferred to another place for his preparation. Tony, no good, and I believe the attempt (on the life) of the horse would be more effective, tell us how the check-out is going."

Presumably dated December 1963

PAMELA Folder (CUIS agent). "In addition to the regular bi-weekly schedules held on 10 and 24 November, a special schedule was held on 29 November, as was done in the case of AMAPOLA (CARBONNEL). Among various matters dealt with in the message transmitted on 10 November, one in particular was of high interest. This was the request for a man to be chosen to handle commo in cases of emergency inasmuch as it would be more difficult to accomplish this, as "the struggle worsens." An exhaustive report on all aspects of counter-revolutionary groups and activities was also requested of the agent." On 24 Nov 63, as in the case of AMAPOLA, a special code was set up to enable "A--CH (illegible) to report by cable directly to drops in Cuba

- a. if a contingent of gusano (worm) Cubans has arrived there;

- c. if mobilization of U.S. forces is noticed;
- d. if the Cubans who arrived and those who were there before have "developed circulation;"
- e. if activities of repressive organs against popular forces have increased.
