MEMORANDUM FOR: DR. SEAMANS  
DR. MUELLER  
DR. NEWELL  
MR. SWEET

SUBJECT: Minutes of the February 9 MSFPC Meeting

On March 14, 1967, Mr. Fink met with Admiral Boone (at Admiral Boone's request) to resolve the disagreements in the text of Item 2 of the Minutes. The meeting resulted in a compromise on the wording of the last three paragraphs of Item 2 (pages 2 and 3) and of Action Item 1 (b) (page 6). The agreed-upon rewording appears in the attached final version of the minutes.

We have scheduled the next meeting of the MSFPC for Thursday, March 30 from 2:00 to 4:00 P.M. The essential purpose for this meeting will be the review of SACC findings and recommendations on the procedural handling of information related to and photographic products resulting from the proposed Earth orbital test flights of the LM&SS (UPWARD) system. (February 9 MSFPC meeting Action Item 2).

Additionally, we anticipate the discussion of Action Items 3, 4 and 5. Action Item 1 (a), as revised, has been completed. A report on Action Item 1 (b), as revised, will be deferred until after the FY68 budget hearings have been completed.
