REF: FOIA Case F14-0059

Dear Mr. Greenewald:

This is in response to your email dated 15 16 March 2014, received in the National Reconnaissance Office (NRO) on 17 March 2014. Pursuant to the Freedom of Information Act (FOIA), you are requesting "*an index of all videos maintained and housed at the NRO.*"

Your request was processed in accordance with the Freedom of Information Act, 5 U.S.C. § 552, as amended. The FOIA does not require agencies to create records or do research in response to FOIA requests. However, in this case, we were able to collect, compile and reproduce responsive information from our databases. This information, totaling seventy-six (76) pages, is being released to you in part.

The material being withheld in both documents is denied pursuant to FOIA exemptions:

(b)(1), as properly classified information under Executive Order 13526, Section 1.4(c); and

(b)(3), which allows the withholding of information prohibited from disclosure by statute, 10 U.S.C. § 424 which states: "Except as required by the President or as provided in subsection (c), no provision of law shall be construed to require the disclosure of (1) The organization or any function . . . (2) . . . number of persons employed by or assigned or detailed to any such organization or the name, official title, occupational series, grade, or salary of any such person . . . (b) Covered Organizations . . . the National Reconnaissance Office."

The FOIA authorizes federal agencies to assess fees for record services. In this case, no assessable fees were incurred.

You have the right to appeal this determination by addressing your appeal to the NRO Appeal Authority, 14675 Lee Road, Chantilly, VA 20151-1715 within 60 days of the date of this letter. Should you decide to do so, please explain the basis of your appeal.

If you have any questions, please call the Requester Service Center at (703) 227-9326 and reference case number F14-0059.

Sincerely,

A handwritten signature in black ink, appearing to read "Patricia B. Cameresi". The signature is fluid and cursive, with a large initial "P" and "C".
