C. 18-0349

Dear Mr. Greenewald:

This is in response to your facsimile letter dated November 6, 2017 to the Railroad Retirement Board (RRB) wherein you requested "a copy of records, electronic or otherwise, of the following: The US Railroad Retirement Board Annual Employee Survey Results, 2016." You made your request pursuant to the Freedom of Information Act (FOIA).

As you are aware, the RRB is an independent agency in the executive branch of the United States Government which is charged with the administration of the Railroad Retirement Act (45 U.S.C. § 231 et seq.) and the Railroad Unemployment Insurance Act (45 U.S.C. § 351 et seq.). The Railroad Retirement Act replaces the Social Security Act with respect to employment in the railroad industry.

As background, the U.S. Office of Personnel Management (OPM) administered the 2016 Federal Employee Viewpoint Survey (FEVS) to 407,789 employees representing 80 (38 large / 42 small) Federal agencies. The results, provided through [UnlockTalent.gov](http://UnlockTalent.gov), contain scores for two major indices — Employee Engagement and Global Job Satisfaction --- across the Federal government.

Pursuant to your request, please find enclosed a copy of the RRB's 2016 Federal Employee Viewpoint Survey (FEVS) Results.

I trust that this information fully satisfies your request. If you need further assistance or would like to discuss any aspect of your request, please do not hesitate to contact our FOIA Public Liaison, Marguerite P. Dadabo, Assistant General Counsel, at (312) 751-4945.

### U.S. Railroad Retirement Board Annual Employee Survey Results, 2016 (Survey Administration Period 4/28/16-6/9/16)

**1. Interpretation of Results:** Once again, the responses to the employee survey are positive. Though this year's results are overall favorable, our response rate decreased in 2016 to 38% (compared to a government-wide response rate of 46%). Thirty six survey items were identified as strengths (65% positive or higher) while only two survey items were identified as challenges (35% negative or higher). We are pleased to report that our Engagement Index score met the Office of Personnel Management's (OPM) goal for 2016 (67%) and met or exceeded the governmentwide score in all areas (Overall, Leaders Lead, Supervisors, and Intrinsic Work Experience). Our Global Satisfaction Index score of 67% also exceeded the governmentwide score in all areas (Job Satisfaction, Organization Satisfaction, Pay Satisfaction and Recommend Agency).

Based on OPM's guideline for determining notable results, we scored especially high (greater than 65% favorable—Strongly Agree/Agree) on the majority of the items for questions measuring personal work experiences. Over 91% of the respondents think the work they do is important (question 13) and 88% know how their work relates to the agency's goals and priorities (question 12). Seventy-two percent of respondents feel their work gives them a feeling of personal accomplishment (question 4). Almost 80% of respondents like the kind of work they do (question 5, 77%) and feel they are held accountable for achieving results (question 16, 84%). Additionally, employees continued to feel supported by their supervisor to balance work and other life issues (question 42, 81%).

On the other hand, the lowest scores were on items measuring performance culture and talent management—although these scores still represent only a minority of the employees that responded. For example, only 32% of the employees surveyed felt that pay raises depend on how well employees perform their jobs (question 33) and only 34% of the employees surveyed agree that steps are taken to deal with poor performers who do not improve (question 23). Only 38% percent of respondents feel creativity and innovation are rewarded (question 32). This is an area we intend to concentrate on improving in the upcoming years.

**2. How the survey was conducted:** The survey was conducted online by OPM from April 28, 2016 through June 9, 2016.

**3. Description of the employee sample:** All full-time, permanent employees of the agency as of October 31<sup>st</sup>, 2015 were surveyed.

**4. Survey items, response choices, and number of respondents for each question:** Please refer to the results attached to this report.

**5. Number of employees surveyed, number who responded, and representation of respondents:** Of the 843 employees surveyed, 320 responded, for a 38% response rate. Demographics of the survey respondents can be found beginning on page 10 of the following report.
